

Specialty Bases

Permanent Mount Base

This base can be permanently mounted to any kind of flooring: wood, tile, concrete, etc.

Maximum Table Top size for a single base is 30 x 42".

Finishes (p.145):
Black, Silver or White Powdercoat or Polished Chrome

 All base plates and spiders made with 100% recycled material, powdercoat finish contains no VOCs

Cantilever Base and Pin Leg

Wall-mounted base used primarily for booth seating. Additional Pin Leg adds extra stability to end of table and is recommended with table tops 42" and longer. This is available for tops sizes up to 36 x 72".

Finishes (p.145):
Available in Black Wrinkle only.

 All base plates and spiders made with 100% recycled material, powdercoat finish contains no VOCs

Pin Leg

Upgrades

Welded Top Plate

The welded top plate makes set-up and installation of bases easier and faster than our standard spider.

Super Leveler Glide

Super leveler glides can be used for any of our bases. They automatically adjust to uneven floors to minimize table rocking.

Foot Ring

The foot ring is available for the bar-height versions of our Classic, Modern, and Parisian bases only.

AeroLift™ Adjustable Height Column

The adjustable height, mechanism is available with the Horizon™ and Metro base series. It allows you to easily change your table from regular to bar height. This is ideal for multi-use spaces where different functions are being held. It is also a great solution for dining environments where wheelchair accessible tables are needed.

FlipTop™ Mechanism

By adding our FlipTop™ mechanism, table tops can flip into a vertical position allowing them to be nested and stored out of the way. It is available with our Horizon™ and Metro base systems.

Casters

Bring mobility to your Horizon™ Bases or Millennium™ Legs by adding locking casters.
