

RightEdge™ PVC Edge Tops

RightEdge™ PVC Edge Laminate Tops offer a tough laminate surface with a hard PVC edge. The smooth edge provides a clean and contemporary look.

RightEdge™ Tops have a high-pressure laminate surface that is bonded to a 1-1/8" particleboard core with a backer sheet for stability and a glued 3mm PVC edge. Choose from Wilsonart®, Formica®, Pionite®, Nevamar®, or Graphic Laminates.

We now offer an extensive selection of PVC edges that include wood grains, solid colors and transluents (p.146). These options were designed to pair with standard laminates.

Laminate tops can use OpenStudio™ or Graphic Laminate with customer or FurnitureLab™ supplied graphics or logos (p.86–117)

All Standard, OpenStudio™ and Graphic Laminates are GreenGuard® certified, substrate made with 100% recycled wood fiber, FSC certified and formaldehyde-free substrate available
