

MapView Maple Veneer Table Tops

These semi-gloss, elegant maple veneer tops exude the warmth of natural wood grain while staying within a tighter budget. The flat eased edge profile reveals the smooth, finished core material.

MapView™ Tops have a wood veneer surface that is bonded to a 1-1/8" Medium Density Fiberboard (MDF) core with a backer veneer for stability and have a flat eased edge. They can be finished in a variety of standard or custom stains.

Table tops are protected with 1 coat of catalyzed vinyl sealer and 2 coats of catalyzed conversion varnish, semi-gloss. All finishes are contract-grade.

Substrate made with 100% recycled wood fiber.
