

NeoCast Urethane Edge Laminate Table Tops

These tops have a durable laminate surface with a resilient edge that can withstand even the highest-traffic use. The bonded edge is fused seamlessly to resist moisture and prevents accumulation of food debris or bacteria. The bumper edge can take a beating and won't harm your chairs.

Available with Standard, Deluxe, OpenStudio™ patterns, or design your own Custom laminate. All surface selections are shown on our website. If you want a different pattern not shown in our finish library, we will happily grade it in.

NeoCast™ Tops have a high-pressure laminate surface that is bonded to a 1-1/8" particleboard core with a backer sheet for stability. Available with custom or standard urethane color options, shown on our website, to coordinate or contrast with your laminate choice. A 3" radius is standard on all corners. These tops can be produced in limited sizes and shapes. Please call if the size you need is not shown in our specs.
