

ThinduraCore™ Thin Phenolic Tops

The ThinduraCore™ Series is our most slim table top profile option at 1/2" thick. A sleek black phenolic core, an image layer, and a tough clear overlay are all fused together under heat and pressure to create ThinduraCore™. Its seamless construction is ideal for healthcare or high-use environments that require moisture resistance. Select from most standard Wilsonart® Laminates.

- ThinduraCore™ is a 1/2" thick solid phenolic resin table top
- Select from most standard Wilsonart Laminates
- Finish will be matte -60 as standard
- Top sizes are nominal
- Edge has an eased profile, only available in black
- Predrilling upgrade for base screws is required
- Special shapes, radius corners available
- Great for healthcare & wet environments (indoor only) due to seamless construction

1/2" Eased Edge
